

QA Test Summary Report

Project Information

Item	Details
Client Name	David
Project Name	stepcorrectt
App Name	Unpuff
Platform	Mobile Application (Android & iOS)
Tested By	SQA Team
Testing Type	Functional Testing & UI/UX Testing
Report Version	v1.0
Test Status	Completed

1. Testing Scope

The purpose of this testing was to check whether the main features of the application work correctly. The testing focused on the core user flows, navigation, user interface (UI), and overall app stability. The goal was to make sure users can use the app without any major problems before it is released.

2. Testing Performed

- ❖ Smoke Testing
- ❖ Functional Testing
- ❖ Monkey Testing
- ❖ UI Verification
- ❖ Navigation Testing

3. Test Environment

Item	Details
Platform	Mobile Application
Environment	Staging / Pre-Production
Network	Wi-Fi & Mobile Data
Testing Method	Manual Testing

4. Feature Coverage

Module	Features Verified	Status
Splash & On-boarding	Splash Screen, 3 On boarding Screens, Skip, Navigation	Passed
Authentication	Login, Sign Up, Forgot Password, OTP Verification, Google Login, Apple Login	Passed
Profile Setup	Complete Profile, Profile Photo, Personal Information, Quit Reason, Quit Date, Smoking Habits, Personal Motivation	Passed
Home Dashboard	Smoke-Free Journey, Craving Assistance, Milestones, Mood, Daily Motivation, Today's Goal	Passed
Craving Assistance	Craving Intensity, Trigger Selection, Help Recommendation Flow	Passed
Breathing Exercise	Exercise List, Session Instructions, Guided Session, Pause & Reset Controls	Passed
Daily Exercise	Exercise Library, Exercise Details, Instruction Screens, Exercise Videos	Passed
Lessons	Lesson Modules, Lesson Progress, Educational Content, Mark as Complete	Passed
Quit Coach	AI Chat Navigation, Chat Interface, Suggested Activities	Passed
Toolkit	Navigation to Quit Coach, Breathing Break, Community, Savings Tracker, Lessons, Move & Reset, Mood Check-In	Passed
Community	View Posts, Create Post, Like, Comment, Report, Delete Own Post, Block User	Passed
Profile	View/Edit Profile, Subscription, Security, Notifications, Help & Support, About, Logout, Blocked Users Management	Passed
Achievements	Time, Money, Health & Streak Achievements, Progress Tracking, Achievement Unlocks	Passed
Money Save	Savings Overview, Savings Goals, Goal Progress, Add Goal	Passed
Today's Goal	View Goals, Complete Goals, Create Custom Daily Goal	Passed
Subscription	Subscription Plans, Plan Information, Plan Selection	Passed

5. Overall Test Summary

Test Type	Result
Functional Testing	Passed
Navigation Testing	Passed
UI / UX Validation	Passed

6. Testing Outcome

The main features of the Unpuff mobile application were tested using manual Smoke Testing, Functional Testing, and Monkey Testing.

The following features were checked and worked as expected:

- ❖ User authentication
- ❖ Profile setup
- ❖ Craving management
- ❖ Breathing exercises
- ❖ Daily exercises
- ❖ Educational lessons
- ❖ AI Quit Coach
- ❖ Community features
- ❖ Achievements
- ❖ Savings tracker
- ❖ Daily goals
- ❖ Subscription
- ❖ Profile management

No critical or high-severity issues were identified during this testing cycle. A few minor issues were observed during testing and have since been resolved. The application remained stable, and all tested features functioned as expected throughout the testing process.

7. Release Recommendation

Release Status: Recommended for Release

Based on the testing completed, the application is stable and ready for production release. All major user features were tested successfully, and no blocking issues were found during the testing.
